SHAMPOO DAMAGE REPAIR

A color-safe, pH-optimized shampoo for all hair types, enriched with patented K4Power® Polypeptide, to effectively cleanse while preserving hair health and protecting it from external aggressors. Its pH-optimized formula and reduced ingredients help control excessive cuticle swelling during washing, thus helping to prevent frizz, preserve color, and enhance shine. Gentle on the scalp and microbiome-friendly for daily use.

Enriched with
patented Polypeptide
& keratin amino acids

01

TECHNOLOGY

"Minimal Ingredients. Maximum Efficacy."

Safe yet powerful cleansing: Contains plant-derived surfactants that provide a safe yet effective high-power cleansing to break down and remove dirt and oil.

Designed for all hair types, even damaged and color-treated hair: its pH-optimized formula helps prevent excessive swelling of the hair cuticle during washing, which helps preserve color, improve hair health and shine, and reduce frizz.

Gentle enough for every wash: Gentle on hair and scalp. Its pH-optimized formula mimics the hair's natural pH. K4Power® Polypeptide helps reduce protein loss for healthy, strong hair and helps maintain hair health and preserve the scalp microbiome.

02

DIRECTIONS FOR USE

This shampoo is safe to use with every wash. On wet hair, massage the scalp thoroughly, rinse well, and repeat as needed.

For best results, follow with AI Molecular Hair Science MASK DAMAGE REPAIR.
